OBJECTIVE

Final-year Computer Science student and Frontend Developer with experience building responsive web applications using HTML, CSS, and JavaScript. Skilled in REST API integration, UI/UX principles, and writing clean, maintainable code to support development goals. Currently expanding toward Full-Stack development and interested in implementing AI features in web applications, with Azure AI Fundamentals certification from Microsoft.

EDUCATION

Bachelor of Computer Science   Jul 2020 – Aug 2026 (expected)
Qassim University
GPA: 4.53 out of 5

PROJECTS

Saudi Tales | Graduation Project   Sep 2025 – Present
AI-powered web application that identifies Saudi landmarks from user-uploaded images using CNN models. Built full-stack solution including user interface and admin dashboard for data management and content moderation.

GameX Tech | Front-End Bootcamp 🔗   Jan 2026 – Feb 2026
Developed a responsive admin dashboard for an online electronics and gaming store. Integrated a public gaming API for real-time data display and implemented product, order, inventory, and user management using React and state management.

Riwa | Full-Stack Bootcamp 🔗   Sep 2025 – Oct 2025
Developed a full-stack e-commerce platform with product catalog, shopping cart, order processing, and user authentication. Built responsive UI using HTML, CSS, JavaScript, and Bootstrap, with PHP and MySQL for back-end, database management, and secure payment integration.

IQRAA | Associated with Qassim University 🔗   Nov 2024 – Dec 2024
Developed a desktop library management system with book search, reporting, and SQL database integration. Implemented input validation, exception handling, and system testing to ensure reliability.

PROFESSIONAL CERTIFICATES

**EYOUTH Learning plan	IBM SkillsBuild** Jan 2026	**Microsoft Certified: Azure AI Fundementals** Oct 2025	**Data Analyst Preparation Program DAPP	Google Developer Student Clubs** Aug 2024

SKILLS

Technical Skills
- Programming Languages: Java, C++, Python, JavaScript.
- Front-End: HTML, CSS, Bootstrap, React.
- Backend: PHP.
- Databases: MySQL, Microsoft Access.
- AI & ML: Computer Vision, CNN, Model Training, Data Preprocessing .
- Tools & Platforms: Git, GitHub, VS Code, Figma.
- Concepts: REST APIs, Responsive Design, OOP.

Soft Skills
- Communication.
- Leadership.
- Adaptability.
- Team Collaboration.
- Problem-Solving.
- Time Management.
- Critical Thinking
- Continuous Self-Learning
